WEEL, WHAT DO YOU KNOW ABOUT THIS?

(Special to the Bonanza.)
CARSON, May 11.—There has been a ripple of merriment in political circles here the past few days because of the report now well circulated that Judge Jimmy Sweeney, the anti-gambler, is going to quit the Democratic party and with assurance from strong Republican friends he is going to aspire for the Republican nomination for governor next year. Jimmy is very reticent about the affair and professes to know nothing of it. Sam Davis of the publicity committee, it is stated, has been consulted with a view of launching the boom in the Republican camp. When this will be done is not known yet.
Blakeslee of the Southern Pacific company, was to have aided engineering the scheme several weeks ago, but his attention was wholly occupied in aiding the campaign against Britt and for Harris in Reno. Now Blakeslee has gone to Tonopah and report has it here that his entire time in the south is being devoted to laying plans for Sweeney to capture the Republican prize. It is known that Sweeney is very close to Senator Nixon and has many things to be thankful for to that gentleman. Nixon, too, feels a very warm regard for James. The jurist, it is believed, is rapidly tiring of the quiet life he is leading and is willing to go out and battle for his new cause at any opportune time.

(Special to the Bonanza.)
ELY, May 11.—According to reports received today Frank X. Murphy is lying in a hospital in Salt Lake suffering from a complication of intestine troubles of so serious a nature that but little hope is entertained for his recovery.

While here he was associated in the law business with Judge J. F. Dennis and also with J. H. Morris. Governor Dickerson is being royally entertained by the good people of Ely. What parties and big eats are the order of the day.
